

Publish Me! Workshops

In a Publish Me! Workshop, children work alongside an artist to write and illustrate an origami book, either individually or as a group.

For Under 5s

In a Publish Me! Workshop for children aged 5 and under, each child will make at least one page for a collaborative 12 or 24 page book. They will work with a trained Kids' Own Publishing artist to come up with a theme and story line and each will be allocated a page to write and illustrate, contributing to the book as a whole. During the workshop, each page is assembled, making a book that can be photocopied again and again for each child to share. Friends and family can be invited along to the end celebration where the book will be shared, further enriching the reading experience.

For Lower Primary

In a Publish Me! Workshop for lower primary school aged children, each child will make their own 8-page origami book that can be photocopied again and again. Working with a trained Kids' Own Publishing artist, they will learn the process of folding the book, and filling the pages with artwork and text including title, back blurb and story. Towards the end of the workshop, each child will have the opportunity to share their own book with the rest of the group. Friends and family can be invited along to the end celebration, further enriching the reading experience.

You Will Need:

- A3 Colour Photocopier
- Tables and chairs
- WiFi (preferable)
- Your imagination

For Upper Primary

In a Publish Me! Workshop for upper primary school aged children, each child will work in groups to produce artwork and text for an 8, 12 or 24 page book on the theme of their choice. Working with a trained Kids' Own Publishing artist, each child will contribute to the narrative to find the best way to tell a story. Towards the end of the workshop, each group will share their collaborative book with the others. Friends and family can be invited along to the end celebration, further enriching the reading experience.

This Activity Supports:

- Increased participation in literacy experiences
- A sense of pride and ownership of their own creative work
- Confident learners
- A greater love of books
- Improved parent-child reading experience
- Collaborative learning
